Location

Eastern Boulevard Plaza is strategically positioned with significant frontage in one of the East York market's primary retail corridors along Eastern Boulevard. The center benefits from the high-volume traffic flow of Eastern Boulevard and Haines Road, which are two of the busiest traveled roadways in the East York market. The project benefits from 3 points of access, two of which are signalized, providing customers with ease of access to the center. With the high concentration of traffic driven surrounding anchor tenants located in the market, the center pulls from not just the immediate trade area but the surrounding market points as well.
